

MY VISIT TO THE SMITHTON VISITOR INFORMATION CENTRE

I am going to the Smithton Visitor Information Centre.

A visitor centre is a place where I can get information on the region and maps to help.

When I walk in someone may greet me.

There can be other people in the space and it can be noisy.

Here I can visit the museum.

Here I can taste and buy cheese, milk and honey.

Here I can watch short films in the small theatre.

You can ask us to change the sound and lighting.

Here I can collect maps and information.

Here I can buy gifts.

Here I can buy something to eat or drink.

The cafe can cater for different dietary requirements. Please let them know when ordering.

There are people who work at the information centre.

They are called information officers.

They wear a uniform, I can asked them questions about the centre.

I can also ask them for other options to suit my needs.

There are toilets in the visitor centre.

If you would like to speak to us before your visit, call us on 03 6413 5333

Enjoy exploring the Circular Head Region
